How to Add  
Company  
Branding to  
Your Cards

# Adding Your Branding to the Message

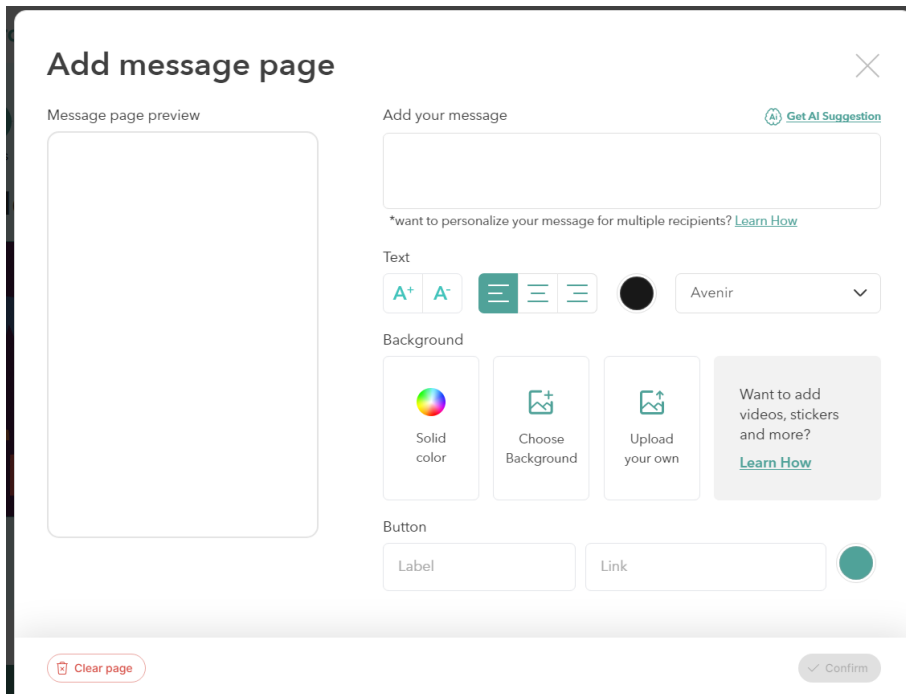

1 Go to cardsnacks.com. Select the card you want to send.

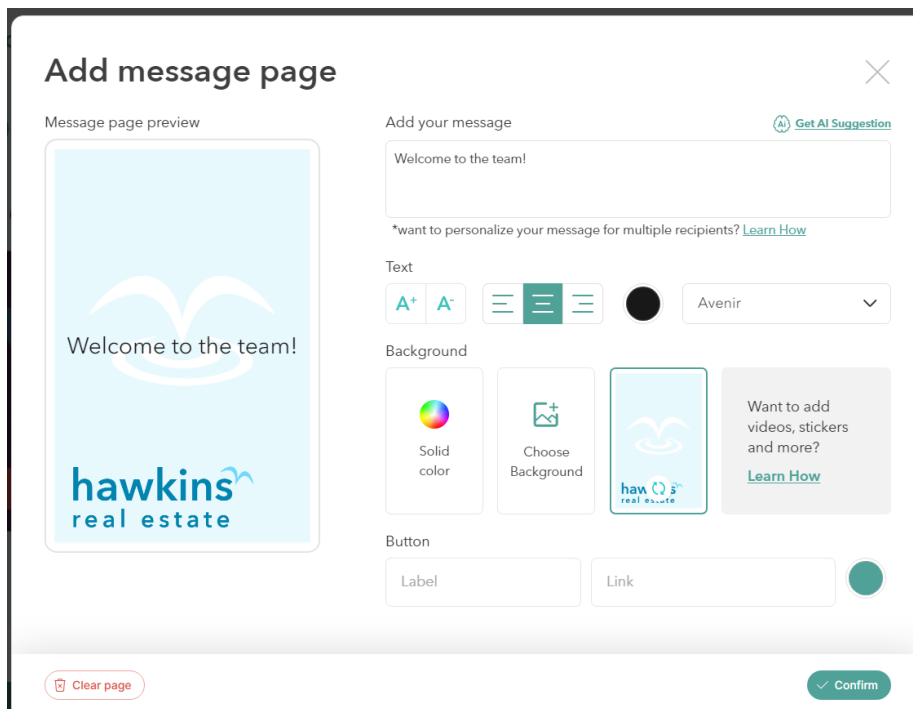

2 Click "Add Page".

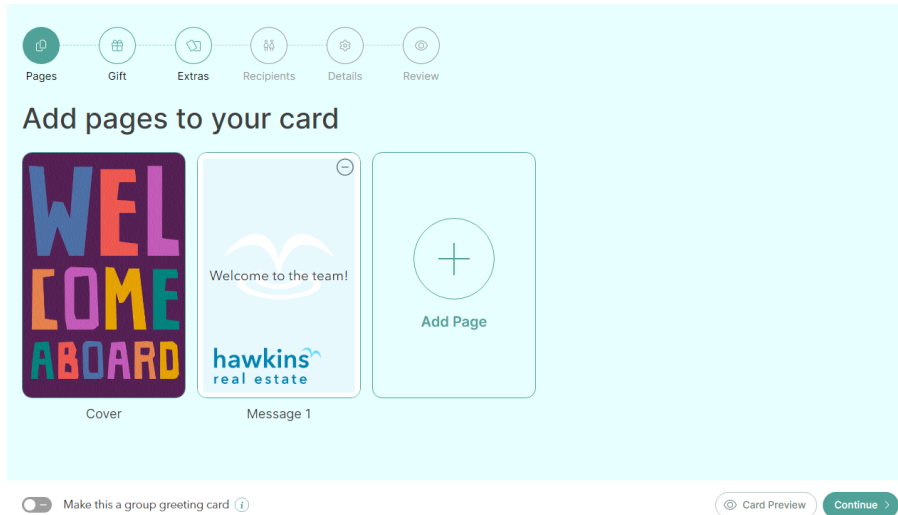

3 In the Background section, click "Upload your own" to upload a custom background that reflects your branding.

4 Type in your message and adjust the text size, alignment, color, and font. When you are done, click "Confirm".

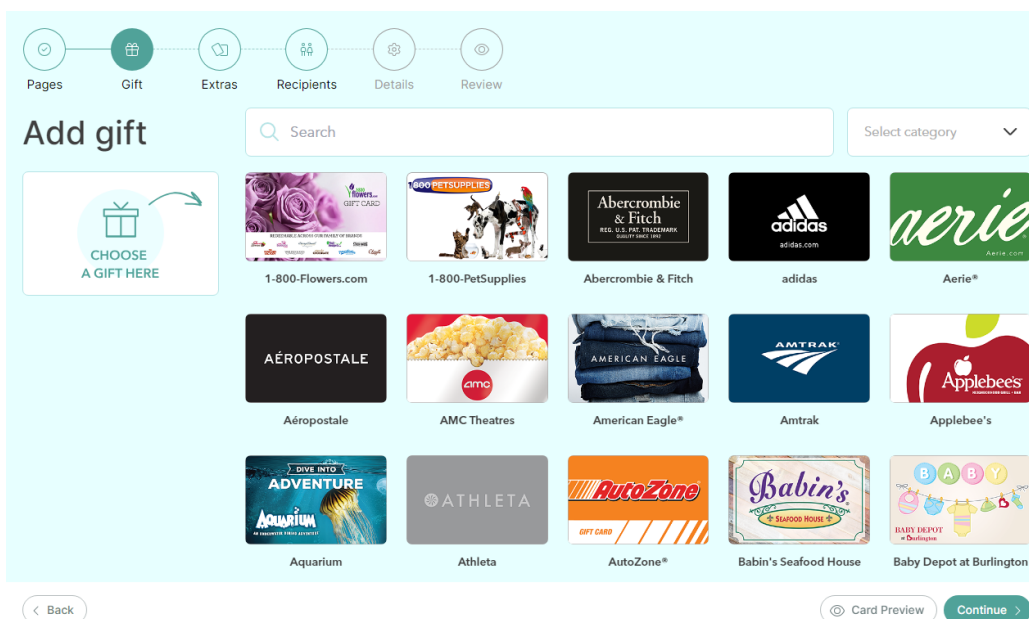

5 If you want to add another page, click “Add Page” and repeat the same process. When you are done, click “Continue”.

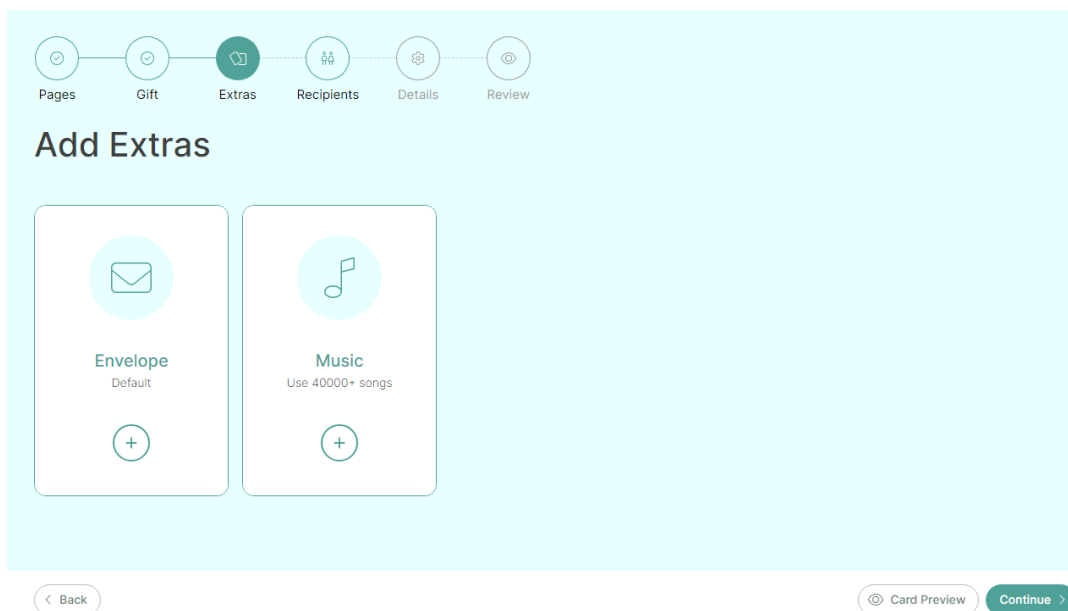

## Creating an Envelope

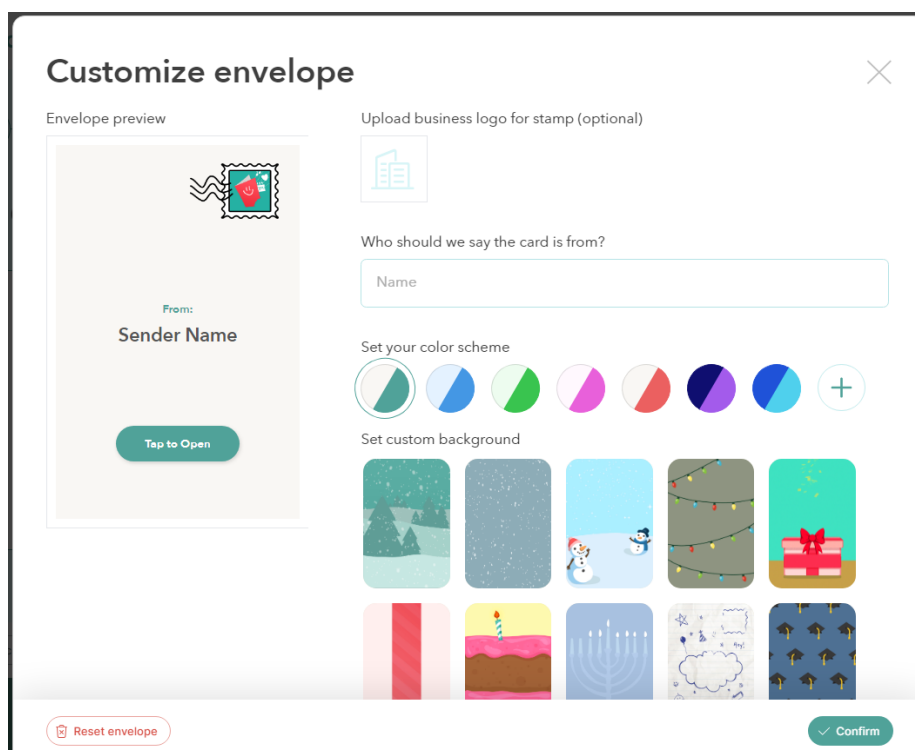

6 After you finish adding pages to your card, you will have the option to add a gift card. When you are finished on this page, click “Continue”.

7 When you are on the “Extras” page, click “Envelope”.

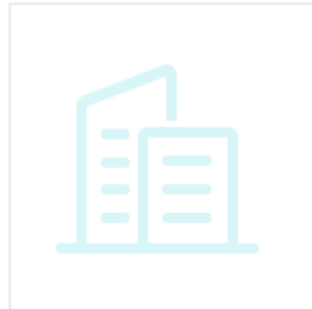

8 Under "Who should we say the card is from?", enter your company's name.

9 Click "Upload" to add your company's logo for the stamp.

Upload your company logo for the stamp

Upload

10 In the set your color scheme area, click the "+" button on the right to input the Hex or RGB codes of your company's color scheme

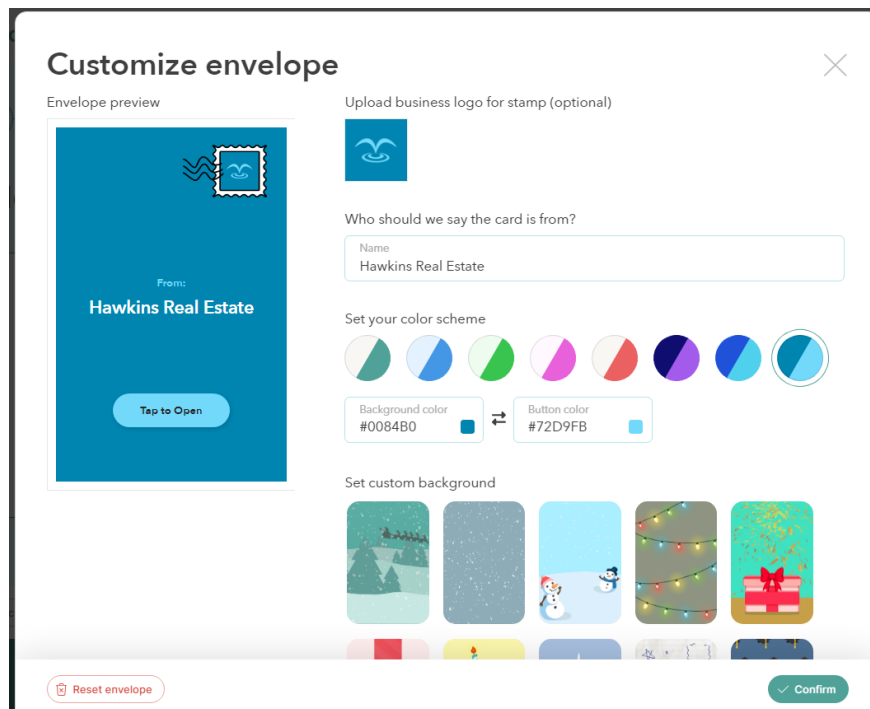

A color picker interface. It features a large color selection area with a gradient from black to blue. Below it is a color bar and input fields for Hex (0084B0), R (0), G (132), and B (176). To the right are four circular color swatches. Below the picker are two color selection boxes: "Background color #0084B0" and "Button color #72D9FB", with a double-headed arrow between them.

0084B0 0 132 176  
Hex R G B

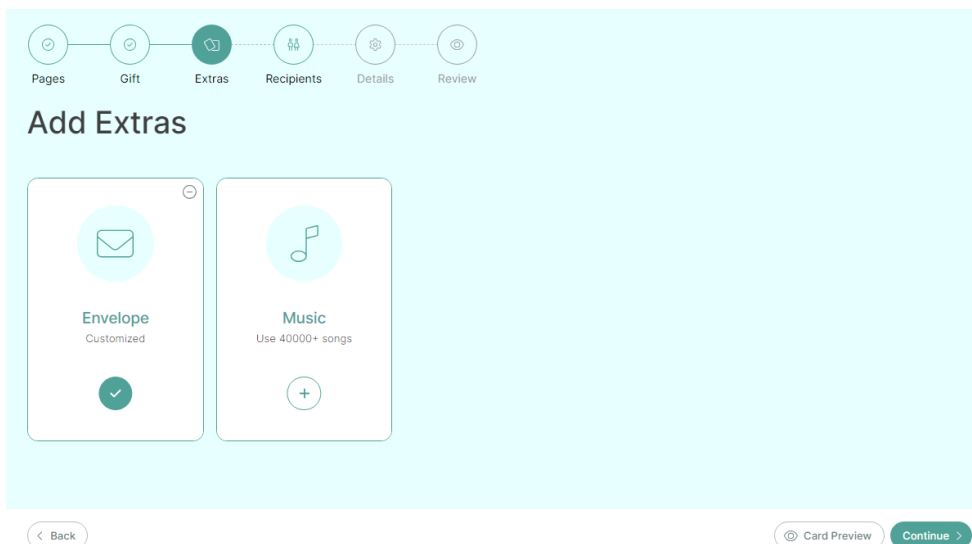

Background color #0084B0

Button color #72D9FB

11 When you are finished customizing your envelope, click “Confirm”.

12 Click “Continue”, to add recipients and finish sending your card.
